Dear Maggie,

Here are copies of the poor pictures of de Vosjoli from the April 26, 1968 issue of LIFE. I'd appreciate knowing whether you can tell if he is "Philippe" or any of the other characters you and Steve Burton met.

If it is not too much trouble, would you please ask him to look at them?

Sorry I cannot get pictures made.

There were also news stories at the time, but I do not have them.

There were also stories at the time Uris' novel appeared.

Hope you are all well.

Sincerely,

Harold Weisberg
